

English

We will be creating a variety of writing pieces inspired by the book 'The Place for Me: Stories of the Windrush generation' by Black Cultural Archives.

At the end of the topic, we will be creating a leaflet about a period in Black history, to include information, recounts and explanations.

Lessons will still have a daily SPAG focus that is relevant to our writing.

COMPUTING:

Our focus is 'creating media – webs page creation.' We will learn to recognise credible websites and will create our own using software on Google sites.

Music:

We will be learning about music from WW2. This will include singing and learning about musical techniques.

PE:

PE will take place every Thursday (dance) and Friday (dodgeball). Our dance module is inspired by our history topic, using traditional wartime songs.

Year 6 Autumn 2 Term Newsletter

Follow us on twitter!

@BcpsYear6

Please remember to read for 30 minutes **EVERY NIGHT**. Parents, carers, older siblings and pupils can sign reading record entries. These will be checked daily.

Further information regarding SATs and residential trips will be released throughout the year. Please look out for letters and messages on Class Dojo.

Science

We will be focusing on understanding the theories of evolution and inheritance to explore how plants and animals have adapted and evolved over thousands of years. This will also include some fossil studies.

History:

Year 6 will continue to look at warfare over the past 500 years. We will study the English Civil War, War of the Roses, WW1 and WW2. During these explorations, we will look at key themes such as communication, uniform/armour and weaponry.

Homework:

Link learning grids have been sent home. Please complete weekly spelling, reading and times table practise as well as one other task each week.

We hope you find this newsletter useful and if you have any questions or queries, please don't hesitate to contact school on Class Dojo.

Thank you, Miss Kucharski

Maths

We will continue to develop our understanding of fractions, learning how to manipulate them using all 4 operations. We will then recap converting units.

We will learn how to apply this knowledge to arithmetic and reasoning style questions.

Daily 10 every morning will continue to recap other key mathematical concepts from previous years.

PSHE:

In PSHE, we will be continuing our work on our physical and mental health. We will be identifying the signs of physical and mental ill-health and how we can look after ourselves.

RE:

Year 6 will explore the Christian festival of Christmas and how this is celebrated differently throughout the world.

French:

We will be learning parts of the body and descriptive adjectives through reading, writing and spoken language.
